Legend
No Special Requirements
See Anomalies for special instructions
No CleanSweep kit available
Combination does not exist
Cylinder Only, Sunco kit needed for attachment

Incompatible Coulters and Fertilizer Openers
Yetter Double Arm Coulter JD Double Disk Fertilizer Opener JD Single Disk Fertilizer Opener BD-UMO (1360/UMO combo)

CleanSweep Compatibility on C125 MTR row cleaners w/ LH mounted UMO-100				
		1" Left	2" Left	3" Left
755195	3/4" above seed	All Clear	All Clear	Top hole of CS bracket only. Can not use bottom hole. Row cleaner may not be set any deeper than 3" above seeding depth.
	Even w/ seed	All Clear	All Clear	Top hole, no interference. If using bottom hole, row cleaner may not be set any deeper than 3" above seeding depth
	3/4" below seed	All Clear	All Clear	All Clear
755225	3/4" above seed	All Clear	No Go	No Go
	Even w/ seed	All Clear	No Go	No Go
	3/4" below seed	All Clear	No Go	No Go

Interpretations

If a cell in one of the configuration columns is blank, it means that particular column is irrelevant
If a cell in one of the special installation instruction columns is blank, it means there is no special requirement for that particular column.
If your particular configuration is not listed, contact tech support to make sure there are no known compatibility issues.

Row Unit/Row Cleaner Configuration									Special Installation Instructions					
CleanSweep Kit	Row Unit Model	Paralle Arms	Treader Wheels (Standard 1.75" or Wide 3.5")	Coulter/Fertilizer Attachment	Drive System	AirForce bracket 726551	Deltaforce Installed	With Pneumatic Down Force	Base Mount Hole	Rod Mount Hole	Cylinder Orientation	Stop Kit	Shim (755159)	Other
	755160 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	14"		None					Bottom	Bottom	Upside down			Install spacer block 755209 (see figure 3)
	755160 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		None					Bottom	Bottom	Upside down		755202	Install spacer block 755209 (see figure 3)
	755160 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		Yetter Single Arm, Dawn Single Arm, JD Cast					Bottom	Bottom	Upside down		755202	
	755180 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	14"		JD Cast	Chain									Yes

	755185 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		None					Bottom	Bottom	Upside down		755202	
	755185 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		Yetter Single Arm					Bottom	Bottom	Upside down		755202	
	755185 White 9000							Yes	Bottom	Bottom	Upside down			
	755190 Case IH 12x0			None					Bottom	Top	Right side up			Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755190 Case IH 12x5	Case IH		None					CleanSweep is not compatible with Case IH lower parallel arm					Row air lines as shown in Figure 1
	755190 Case IH 12x5	DeltaForce		None					Bottom	Top	Right side up			Row air lines as shown in Figure 1
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	14"		JD Cast	Chain									
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	14"		JD Cast	Cable				Bottom	Bottom	Upside down			Yes
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	14"		None, Yetter Single Arm, Dawn Single Arm	Cable				Bottom	Bottom	Upside down			
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	14"		UMO 100	Chain									Check UMO Chart for left-hand openers
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	14"		UMO 100	Cable				Bottom	Bottom	Upside down			Check UMO Chart for left-hand openers
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		JD Cast					Bottom	Bottom	Upside down		726530	Yes
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		None					Bottom	Bottom	Upside down		755202	
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		UMO 100					Bottom	Bottom	Upside down		726530	
	755195 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		Yetter Single Arm, Dawn Single Arm					Bottom	Bottom	Upside down		726530	Check UMO Chart for left-hand openers
	755195 Kinze 2000/3000			Kinze Double Arm Coulter										Coulter frame must be modified. See KB article #49 for instructions.
	755200 Case IH 12x0			None					Bottom	Top	Right side up			Row air lines as shown in Figure 1
	755200 Case IH 12x5	Case IH		None					CleanSweep is not compatible with Case IH lower parallel arm					Row air lines as shown in Figure 1
	755200 Case IH 12x5	DeltaForce		None					Bottom	Top	Right side up			Row air lines as shown in Figure 1
	755200 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		None		Yes			Bottom	Bottom	Upside down			
	755205 JD MaxEmerge 2 / MaxEmerge Plus / MaxEmerge XP / Pro Series	21"		JD Cast					Bottom	Bottom	Upside down		726530	Confirm clearance around cylinder through full range of motion before use
	755205 White 9000								Bottom	Bottom	Upside down			
	755210 White 9000								Bottom					Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755225 Case IH 12x0								CleanSweep is not compatible with Case IH lower parallel arm					Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755225 Case IH 12x5	Case IH												Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755225 Case IH 12x5	DeltaForce												Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755225 Case IH 2000													Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755225 JD MaxEmerge (7000/7100)			None, Yetter Single Arm, Dawn Single Arm										Row Cleaner must be installed in the rear pivot holes (see Figure 2). Check UMO Chart for left-hand openers.
	755225 JD MaxEmerge (7000/7100)			UMO 100										Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755225 White 6000													Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755225 White 8000													Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755225 White 9000													Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755235 White 9000							Yes	Bottom	Bottom	Upside down			Row Cleaner must be installed in the rear pivot holes (see Figure 2)
	755235 All													trash wheels cannot be configured in the interlocking position
	755240 White 9000							Yes	Bottom	Bottom	Upside down			trash wheels cannot be configured in the interlocking position
	755240 All								Bottom	Top	Right side up			Row air lines as shown in Figure 1
	755245 Case IH 12x0	Case IH							Bottom	Top	Right side up			Row air lines as shown in Figure 1
	755245 Case IH 12x5	Case IH							Bottom	Top	Right side up			Row air lines as shown in Figure 1
	755245 Case IH 12xx	DeltaForce							Bottom	Top	Right side up	755231 or Case P/N: 129621A1		Row air lines as shown in Figure 1
	755245 Case IH 2000	Case IH							Bottom	Top	Right side up			Row air lines as shown in Figure 1
	755250 Case IH 12x0	Case IH							Bottom	Top	Right side up			Row air lines as shown in Figure 1, trash wheels cannot be configured in the interlocking position
	755250 Case IH 12x5	Case IH							Bottom	Top	Right side up			Row air lines as shown in Figure 1, trash wheels cannot be configured in the interlocking position
	755250 Case IH 12xx	DeltaForce							Bottom	Top	Right side up	755231 or Case P/N: 129621A1		Row air lines as shown in Figure 1, trash wheels cannot be configured in the interlocking position
	755250 Case IH 2000	Case IH							Bottom	Top	Right side up			Row air lines as shown in Figure 1, trash wheels cannot be configured in the interlocking position
	755270 All													trash wheels cannot be configured in the interlocking position
