

Installation Instructions for Step Kit

This step kit was designed for JD 1790 planters running eSet in 20" rows. The kit replaces the original step bracket by shifting the steps out and away from the eSet ProFlow mini hoppers, preventing any contact or interference.

Parts List

1. Left arm, (1)
2. Right arm, (1)

- Fits 2004 + without rear hitch (Serial # 705101+)
- Modify to fit 2003 without rear hitch (Serial # 705100+)
- Not needed for 24 row 20" with rear hitch

Installing The Step Kit

JD1790 24 row 20" 2004+ without hitch

- Step 1** Remove nuts and bolts securing the original step brackets.
- Step 2** Take off original step brackets.
- Step 3** Facing the back of the planter, put the left bracket on the left side and the right bracket on the right side.
- Step 4** Use original nuts and bolts to secure both brackets in place. (Once installed it should look similar to the picture displayed to the right.)
