Horsch Maestro 2022+
758550 Bracket Installation Manual

 Precision Planting®

Parts Number	Kit Name	Comments	Qty/Row
758550	Conceal RU bracket Kit – Vaderstad Tempo/Horsch Maestro 2022+	Same kit for both row units.	1
758556	Wedge kit row cleaner conceal	Required if row cleaner mounted	1

1st Step:

Follow the Mounting Bracket Pre-Assembly and Knife Pre-Assembly instructions found in the 955721 Conceal Installation Manual.

2nd Step:

Raise the planter, making sure safety precautions are taken.

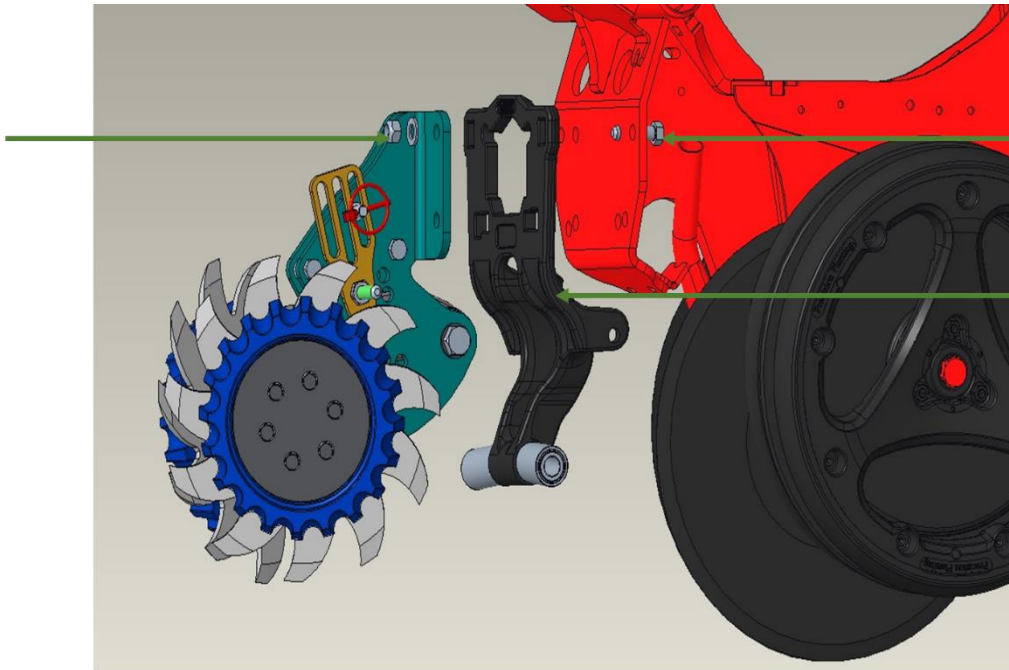

3rd Step:

Remove the OEM row cleaner.

4th Step:

Install the Conceal row unit bracket, use the longest screws supplied in the wedge kit to pass through the Conceal bracket and the row cleaner plate, then tighten all screws.

bracket

5th Step:

Mount the Conceal knife, making sure the knife is correctly centered in the gauge wheel to avoid contact with the wheel. To help you align the knife in the gauge wheel, use the angled wedge as you can see below (see 955721 Conceal Installation Manual for more information).

Note: The M10 clamping bolt at the swingarm pivot should be torqued to 27 nm.
