

# Vacuum Pressure Gauge Bracket Installation Instructions

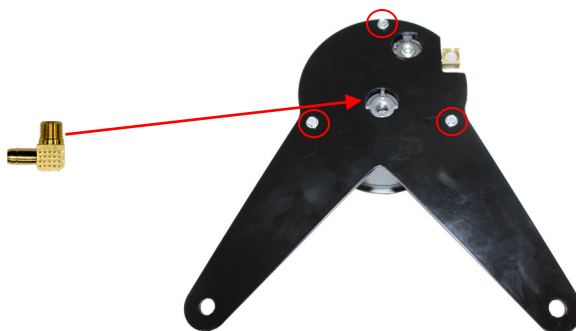

## Parts List

1. 30" Pressure Gauge
2. Surface Screws (3)
3. Vacuum Gauge Bracket (1)

**Step 1** Prior to threading in the 90 Degree Elbow fitting, attach the mounting bracket (730138) to the vacuum gauge using the 3 surface screws provided with the vacuum gauge.

**Step 2** Add 90 Degree Elbow fitting.

**Step 3** Mount bracket to planter in a viewable location using holes located at bottom of bracket. (Mounting hardware not included).

**Note:**  
How you have your gauge mounted will determine if you connect to the port on the back or on the side of gauge.
